I'm afraid to call you on the phone to say
How alone I feel
I'm looking for you in the streets of my mind
With a big desireI don't find the edge
Nowhere and tell me what to do
I've fully filled up
The room with smoke
And, time smiles at me like a baby
Where can I lay my body?
When I return from bars and sitting up late
Where can I find a good friend?
To tell me that he really likes me
Since you have also been disappearedWhen you are away night looks provoking
Like a sin
But your figure escapes from a secret hiding place
It violently hits meI don't find the edge ...Neither you have to give me the solution I'm searching
The solution I'm looking for
I've been blocked for years in your tricks

For which I've been singing for days I don't find the edge ... Where can I lay my body?
When I return from bars and sitting up late
Where can I find a good friend?
To tell me that he really likes me
Since you have also been disappeared
