

Walk With Me

Joe Budden

Chorus

Come and take a walk with me
I need all of y'all to come and take a walk with me
I need for all of y'all to feel what im goin' through
And see what I see, if u got time then take a walk with me
Wait a minute [now], shit aint like I thought it would be
Come to jersey from new york with me, I know ur busy
But take the time out to walk with me,
Pay attention on this tour with me, maybe im seeing something wrong,
Come along and make sure with me, come and take a short walk with me,

Vs. 1

Yo,

im seeing a couple things wrong with the way that im living,
so come and walk with me I just need a second opinion,
ill introduce u to my friends, I gotta see if u notice
if they loyal or if they all got an alterior motive
they some snake Niggas, me and them don't deal anymore
ever since I got signed I don't know whats real anymore
im paranoid so excuse me if I seem to be nervous
but everybody from my past now they trying to resurface
trying to rekindle, they don't think i know they go limo
I got cousins I never knew they trying to pass me they demo
Maybe im wrong like I told u man I need g' ya opinion
Me and them never spoke before so I don't see whats so different
Dudes I don't know they recognize me start extending they hand
And I m trippin ready for beef when he was only a fan [why]
Cuz these Niggas in my hood say they don't like how im reppin
Let me know how strongly u feel, will I be needing my weapon
As some sort of protection,
should I carry a pen and pad and ask everybody in the fuckin hood for they suggestions
im letting the labels know that jersey city is gifted
when they aint no that jersey city existed
but its cool y'all
certain cats in jersey city so hateful, and certain cats in jersey city aint grateful
all they say is I don't chill anymore n ever since I got signed they don't think im real anymore
im told I shouldn't be alone cuz im a star in my hood
"sumthing might happen mouse, they know who u are in the hood", [they do]
so I cant tell u how I feel anymore
n ever since I got signed I cant tell whats real anymore
Chorus
Come and take a walk with me
I need all of y'all to come and take a walk with me
I need for all of y'all to feel what im goin' through

 heavy, but to u it may seem petty
 Lets continue walking I know u aint tired already
 Ill take u to meet my girl I gotta see if u notice
 if she love me or if the bitch got an alterior motive
 why am I hated cuz I handle my business
 aint gotta look for a girl now a days cuz almost all these Niggas is bitches
 see im often while we walking ill show u the drug dealers
 and some dudes that hate me, word on the street's is they real killers [dog]
 where was the hate back when I wasn't on my feet
 a alcoholic, school dropout, just a bum on the street
 where was the hate durin my adolescence
 back when that physicatrist was trying hard to get me on them anti-depressants [o man]
 I don't recall none of this happenin' back then
 and I don't understand I was still rappin back then
 so I gotta ride with a gun for trying to get my mom and pop up outa the slums
 and provide for my son
 if u met my baby moms would u notice if she was ready for a child
 or if her ass had an alterior motive
 I don't know what she's teaching Trey, but every day he get older
 Angie's bitter and feel like now that im successful I owe her
 Cuz she would hold me so tight when I was ready to relapse
 Tell me to relax, I aint know no better straight outa rehab
 Bottom line I was lonesome, but we was grown for each other
 Angie I grown some, got bigger issues
 If u went to Def Jam would u notice if they was out for my best interest
 Or do they just see a dollar in Joeseeph
 Guess I aint sure how I feel anymore ever since I got signed I cant tell whats real anymore
 I mean them same record execs. That wanted me in
 don't care that im the next nigga they just wanna see spends [I swear]
 Guess I aint sure how I feel anymore ever since I got signed I cant tell whats real anymore
 U feeling me, dogChorusCome and take a walk with me
