

Them Girls Be Like

Fifth Harmony

Do my look fat? (oh no)
Should I call him back? (oh no)
Wear my hair like that? (oh no)
Do he make them stacks? (oh no) If you've ever been around then you'll hear us
Talking all that crazy shit like we do
Do you ever post your pics with no filter
Hashtag I woke up like this too Them girls be like
Them girls be like
Them girls be like
Them girls be like
Oh hey
Hey
That's what we be like
(That's what we be like yeah, lovin' this life cus we really don't care)
Oh hey
Hey
That's what we be like
(That's what we be like yeah, lovin' this life cus we really don't care)
Is she hatin'? (uh huh)
Do it faze me? (uh huh)
Take a selfie every night? (uh huh)
Get at least a hunned likes? (uh huh) If you've ever been around then you'll hear us
Talking all that crazy sh- like we do
Do you ever post your pics with no filter
Hashtag I woke up like this too Them girls be like
Them girls be like
Them girls be like
Them girls be like
Oh hey
Hey
That's what we be like
(That's what we be like yeah, lovin' this life cus we really don't care)
Oh hey
Hey
That's what we be like
(That's what we be like yeah, lovin' this life cus we really don't care)
We like them girls that do too much
If you thirsty you can't sit with us
Why you think them boys be missin' us
You know you hate them girls that do too much
If you thirsty you can't sit with us
Why you think them boys be missin' us Them girls be like

Them girls be like
Them girls be like
Them girls be like
Oh hey
Hey
That's what we be like
(That's what we be like yeah, lovin' this life cus we really don't care)
Oh hey
Hey
That's what we be like
(That's what we be like yeah, lovin' this life cus we really don't care)
