B2K

Yo, see, it's this girl
She, she hot, you know
Yeah, yo gotta get her, uh, yeah
You can take my name, y'all Usually known for makin' the girls shake
Fine stuff, you know a real heartbreak
Mature 15 wit' figures 7 or 8
Girls wishin' I was their man, they floss me on dates Lettin' B2K in the game, ya'll made a
mistake
It's a lockout, all you other groups must wait
Take it how I get it, get it how I take it
Me above you, don't you ever mistake There she was walkin' by, lookin' so fine
And she had me trippin'
She lookin' at me as to say what the deal, baby?
Come and holla at me
A fine [Incomprehensible] that's what she was
She passed my test with just the looks
She was the kinda girl that
I really, really want to be down on my team There's this girl around my way
I dream about her everyday
I wish that she could be wit' me
She's my chocolate fantasy She's the hottest thing in school
So, I gotta play it cool
Wish that she could be wit' me
She's my chocolate fantasy There she goes again, I just keep seeing her
Lookin' at me, now she's at the club
Dancin' on the floor, lookin' right at me
She knows herself, know what she's doing
She know she's hot, got me pursuing
'Cause she's the kind of girl
That I really want to be down on my team She got that shake it, shake it, that wobble, wobble
She knows I'm looking 'cuz she know she's hot
That girl to me is my fantasy I'ma wait, wait when I know she's gonna be
Everything that I ever wanted
She's so hot, she's so hot There's this girl around my way
I dream about her everyday
I wish that she could be wit' me
She's my chocolate fantasy She's the hottest thing in school
So I gotta play it cool
Wish that she could be wit' me
She's my chocolate fantasy Oh she is so irresistible, I lose control
This girl, she is so special
Girl, put me on, ooh yeah She's a P Y T, a lil' vibrant thang

The way you swish them hips, baby, work that thang
I'm goin' all out, let you shop til' you fall out
I'ma baller so that means I'll never foul out I'm sayin', I know you really wanna roll wit' me
Wanna be wit' me, stay the night wit' me
You can chill wit' me at the movies
Here's my number, baby girl, won't you holla at me? There's this girl around my way
I dream about her everyday
I wish that she could be wit' me
She's my chocolate fantasy She's the hottest thing in school
So I gotta play it cool
Wish that she could be wit' me
She's my chocolate fantasy There's this girl around my way
I dream about her everyday
I wish that she could be wit' me
She's my chocolate fantasy She's the hottest thing in school
So I gotta play it cool
