

No Control

Pepper

Hey!
I've got the right of way
And that's all you've got to say I've been thinking about, thinking about
Some things I thought I'd never be thinking
Too many drugs dropped into my mouth
Looking for something new but I end up drinking
Ignore the warnings on the shore
I'll take my chance, run into danger
I wanna taste life more and more
But you need a little risk for the perfect mixture. This is your station under no control
Broadcasting for you to let go
This is your station under no control
Get up, get up, get up, get up, get up
And enjoy the show
Hey!
I've got the right of way
And that's all I've got to say With Jesus gone just a flame and a bomb
Now how do you explode unstable?
A big suit with a briefcase,
Arm holding contracts stayed in higher label
Holding on to a phone on hold,
While I'm told to wait for the next operator
I wanna taste life uncontrolled
Oh no, here I go, I hope to see you later This is your station under no control
Broadcasting for you to let go
This is your station under no control
Get up, get up, get up, get up, get up
And enjoy the show
Hey!
I've got the right of way
And that's all you've got to say This is your station under no control
Broadcasting for you to let go
This is your station under no control
Get up, get up, get up, get up, get up
And enjoy the show This is your station under no control
Broadcasting for you to let go
This is your station under no control
Get up, get up, get up, get up, get up
And enjoy the show Everything that I would like to see
Broadcast this emergency
Everything that I would like to see
Broadcast this emergency

Emergency...
