

# Lay Down Burden

Brian Wilson

So many years  
Spent runnin' away  
How many times I wished I could stay  
Too much emotion  
A hole in my heart  
Feelin' alone since we've been apart and  
If I had the chance, I'd never let you go  
Just want you to know  
Down, lay me down, lay me down  
Lay down burden  
Down, lay me down, lay me down  
Lay down burden  
How many things I wanted to do  
How many times spent thinkin' this through  
So many nights spent here by the phone  
Wond'rin' if you felt just as alone  
While some things have all been  
Crazy from the start  
It's tearin' me apart  
Down, lay me down, lay me down  
Lay down burden  
Down, lay me down, lay me down  
Lay down burden  
Just remember the way I held you  
It's always in my heart  
Down, lay me down, lay me down  
Lay down burden  
Down, lay me down, lay me down  
Lay down burden  
Down, lay me down, lay me down  
Lay down burden
