

That's What Love Is All About

[Michael Bolton](#)

I talk to you but its not the same as touchin' you
And every time you whisper my name, I wanna
run to you
We'll be together, it won't be long, it won't be long
But it feels like forever, and its hard to be strong
Baby 'cause I'm missing you now and its drivin' me crazy
How I'm needin' you baby, I'm missing you now
Can't wait till I'm alone with you
Show you how I'm missing you now
Wishin' you were here by my side is all that I can do
My arms around my pillow at night, they should be holdin' you
Thought I was stronger, how could I know, how could I know
I can't take this much longer, so hard on my soul
