

Glad You Came

Megan Nicole

The sun goes down the stars come out
and All that counts is here and now
my universe will never be the same I'm glad you came You cast a spell on me, spell on me
she hit me like a sky fell on me, fell on me
and now decided you look well on me, well on me
so let's go somewhere no one else can see you and me
turn the lights out now, now i take you by the hand, hand you another drink,
drink it if you can, can you spend a little time, time is slippin away,
away from us to stay, stay with me i can make, make you glad you came
The sun goes down the stars come out
and All that counts is here and now
my universe will never be the same
I'm glad you came, I'm glad you came You cast a spell on me, spell on me
she hit me like a sky fell on me, fell on me
and now decided you look well on me, well on me
so let's go somewhere no one else can see you and me
turn the lights out now, now i take you by the hand, hand you another drink,
drink it if you can, can you spend a little time, time is slippin away,
away from us to stay, stay with me i can make, make you glad you came The sun goes down the
stars come out
and All that counts is here and now
my universe will never be the same I'm glad you came, I'm glad you came
I'm glad you came, so glad you came
I'm glad you came, I'm glad you came
The sun goes down the stars come out
and All that counts is here and now
my universe will never be the same I'm glad you came, I'm glad you came
