Nas

Yeah, yeah, yeah yeah Nas, uh, yo, yo Life, they wonder Can they take me under? Nah, never that, nah, yo, yoI come from that housin' tenement buildings Unlimited killings, menaces, marked for death Better known as the projects where junkies and rock heads dwell Though I owe to it my successWith survival of the fittest, everyday is a chal' I would think I'm a part of U.S.A. and be proud Confronted with racism, started to feel foreign Like the darker you are the realer your problems I reached for the stars but I just kept slippin' On this life mission, never know what's next Ancient kings from Egypt up to Julius Caesar Had a piece of the globe, every continentYo, there's Asia, Africa, Europe, France, Japan Pakistan, America, Afghanistan Yo, there's Protestants, Jews, Blacks, Arabics Call a truce, world peace, stop actin' like savagesNo war, we should take time and think The bombs and tanks makes mankind extinct But since the beginnin' of time It's been men with arms fightin'Lost lives in the Towers and Pentagon Why then must it go on We must stop the killin' Tell me why we die, we all God's children All this hate can't last forever (Uh, c'mon) It's time that we stand together (Yeah, for the world) Everybody wants to rule the world (What, what, what, what, what, c'mon)World Peace World Peace World Peace WorldYo, there's brothers on the block, posted up like they own it That's they corner from New York to California Got blocks locked down Like, "Dog, you safe whenever you with me, see, this is my town"So the youngsters grows in ghettos, goes to prison At an early age, already know it's against him So in order for him to survive, one day he must

Open up his eyes to the setbacks and rise'Cause everybody wants a shot in this land of opportunity Look at what this country's got There shouldn't be nobody homeless How can the President fix other problems when he ain't fixed home yetThe earth wasn't made for one man to rule alone To all colors and creeds is to whom it belongs I want land, mansions, banks and gold The diamonds in Africa, oil in my controlThe world's natural resources, all its residuals But then comes foes I have to guard it with missiles And I become the most wanted But is it worth hearin' a million people problems And followed by secret serviceI guess attempts at my life with loaded barrels So move over Colin Powell or just throw in the towel, yoAll this hate can't last forever (Uh, c'mon) It's time that we stand together (Yeah, for the world) Everybody wants to rule the world (What, what, what, what, what, c'mon)World Peace World Peace World Peace WorldY'all know, that's my style to hit you at the right time No other compares to what Nas write down Tell you my dreams, show you my pain is yours You could get what you love, be a chain of causeYou alive right now There's so many that's dead or locked up inside the beast I'm a hot light now, it's whatever man think of manifest to the real The plan is to wake up 'cause time revealsAll this hate can't forever last All my ghetto heroes in Heaven, it's like you right here and never passed You just transcend, I know I'm gonna see you again Hopin' I reach the world leaders and winAin't nothin' without struggle, listen up, it's critical We used to fear arms, now the weapons are chemical In hip hop, the weapons are lyrical To be the best you challenge the best and the blessings are spiritualTop of the world for the kid and unless Poppin' any rapper's head off his shoulders no contest I know the most high hear me So fly you can't near meYou scared off a mirror My theory is that knowledge is power To every projects and every street corner We gotta get out of this, nowAll this hate can't last forever It's time that we stand together Everybody wants to rule the world WorldYo, niggas ain't forget shit, know what I'm sayin'? Niggas ain't forget nothin' man

The men, women and children killed by the police and shit Niggas ain't gon' forget that, man, you know what I mean?Yo, what this war just show me is like, whatever you want out of life Whatever you feel is rightfully yours, go out and take it Even if that means blood and death You know, that's what I was raised up on That's what this country's about This is, this is, what my country is and my country's a muthafucka'
