

Soldiers

Drowning Pool

On your feet, whos with me?
On your feet, whos with me? Right
One world, made better
In sleight, hard bitter
There is no compromise
Your pain, your worth, your sacrifice
On your feet, whos with me?
On your feet, lets go
Every time I see inside you
I see myself within you, lets go
Whoah, yeah, this is for the soldiers
Whoah, yeah, this is for the soldiers
Whoah, yeah, this is for the soldiers
All for one, lets go
On your feet, whos with me?
Lock tide, old strain
Well, it goes in vain
There is no compromise
Your pain, your worth, your sacrifice
On your feet, whos with me?
On your feet, lets go
Every time I see inside you
I see myself within you, lets go
Whoah, yeah, this is for the soldiers
Whoah, yeah, this is for the soldiers
Whoah, yeah, this is for the soldiers
One for all, were coming
Every time I see inside you
I see myself within you
Don't let that fade away
Your pride inside of me
Your honor inside me
Respect inside of, inside of me, go
Whoah, yeah, this is for the soldiers
Whoah, yeah, this is for the soldiers
Whoah, yeah, this is for the soldiers
Our soldiers, lets go
Whoah, yeah, this is for the soldiers
Whoah, yeah, this is for the soldiers
Whoah, yeah, this is for the soldiers
All for one, were coming
Every time I see inside you
I see myself within you
Don't let that fade away
Every time I see inside you
I see myself within you
Don't let that fade away
