

# Soldiers

## Drowning Pool

On your feet, whos with me?  
On your feet, whos with me? Right  
One world, made better  
In sleight, hard bitter  
There is no compromise  
Your pain, your worth, your sacrifice  
On your feet, whos with me?  
On your feet, lets go  
Every time I see inside you  
I see myself within you, lets go  
Whoah, yeah, this is for the soldiers  
Whoah, yeah, this is for the soldiers  
Whoah, yeah, this is for the soldiers  
All for one, lets go  
On your feet, whos with me?  
Lock tide, old strain  
Well, it goes in vain  
There is no compromise  
Your pain, your worth, your sacrifice  
On your feet, whos with me?  
On your feet, lets go  
Every time I see inside you  
I see myself within you, lets go  
Whoah, yeah, this is for the soldiers  
Whoah, yeah, this is for the soldiers  
Whoah, yeah, this is for the soldiers  
One for all, were coming  
Every time I see inside you  
I see myself within you  
Don't let that fade away  
Your pride inside of me  
Your honor inside me  
Respect inside of, inside of me, go  
Whoah, yeah, this is for the soldiers  
Whoah, yeah, this is for the soldiers  
Whoah, yeah, this is for the soldiers  
Our soldiers, lets go  
Whoah, yeah, this is for the soldiers  
Whoah, yeah, this is for the soldiers  
Whoah, yeah, this is for the soldiers  
All for one, were coming  
Every time I see inside you  
I see myself within you  
Don't let that fade away  
Every time I see inside you  
I see myself within you  
Don't let that fade away
