

Heaven In Her Eyes

Gappy Ranks

Yeah, yeah, yeah
It's the opera
I've seen heaven Seriously She is from 'round the way
I see her everyday
I love to see her smile
I love her sexy style We were face-to-face
And to my surprise
She had heaven in her eyes
Heaven in her eyes, heaven in her eyes I was almost blind
When I looked into her face
She had heaven in her eyes
Heaven in her eyes, heaven in her eyes
Now I've seen what there's to see
I know who I wanna be
Yes, I have a dream
She made it grand to me Some people will go
Some people will stay
But it's clear to see
She was meant for me We were face-to-face
And to my surprise
Heaven in her eyes
Heaven in her eyes, heaven in her eyes I was almost blind
When I saw her pretty face
Heaven in her eyes
Heaven in her eyes, heaven in her eyes
My God
Do-do-do-do-do
Yeah-yeah
Mm-mm
Oo-oo
