

Le Bump (feat. Crystal Waters)

Yolanda Be Cool

I sit and drink Prosecco
Cause he said just let go
He left me beggin' on my knees
Please, go play some old piano
Something that I know I like I hate ya
You dirty filthy fleaPlease,
Just wanna bump, just wanna bump, just wanna bump, let's play
Just wanna bump, just wanna bump, just wanna bump, let's play
Just get a bump for me, put my mind at ease,
Bring the rest, my drink, my heart won't break
Just play
Let's play... Le Bump [x8]I sit and drink tequila,
Say just how I feel-a,
Like stupid people on TV
How could you turn the channel?
Tired of all the chatter?
I hate this new "reality"
Please,
Just wanna bump, just wanna bump, just wanna bump, let's play
Just wanna bump, just wanna bump, just wanna bump, let's play
Just get a bump for me, put my mind at ease,
Bring the rest, my drink, I'm not afraid of all you said
Just playProsecco... just let go... Tequila... how I feel-a
Le BumpLet's play... Le Bump [x8]
