

Dancing in My Head (Michael Woods Club Mix)

Eric Turner & Avicii

Sugar caught me by surprise
Saying something in her eyes
Feels like I just kissed the curse
Met a girl and there ain't no words for her
Down the sunset, up the lights
Eh people! It ain't right!
I couldn't reach her anymore
Why people... Didn't I let her know?
That girl, I shouldn't have let her go
She's still dancing in my head
That girl, I shouldn't have let her go
She's still dancing in my head
Oh yeah baby keep on dancing, keep on dancing
She's still dancing in my head
Oh yeah sugar keep dancing, keep dancing
She's still dancing in my head
Oh yeah baby keep on dancing, keep on dancing
She's still dancing in my head
Oh yeah sugar keep dancing, keep dancing
She's still dancing in my head
Open doors materialized
Disappear before my eyes
I felt like I been dealt the worst hand
I do believe I have been cursed
Down the sunset, up the lights
Eh people! It ain't right!
I couldn't reach her anymore
Why people... Didn't I let her know?
That girl, I shouldn't have let her go
She's still dancing in my head
That girl, I shouldn't have let her go
She's still dancing in my head
Oh yeah baby keep on dancing, keep on dancing
She's still dancing in my head
Oh yeah sugar keep dancing, keep dancing
She's still dancing in my head
Don't stop dancing no
Don't stop, don't stop no
Don't stop dancing girl
Girl, don't stop dancing no
