

# On Hold

## The xx

I don't blame you  
We got carried away  
I can't hold on  
To an empty space Now you've found a new star to orbit  
It could be love  
I think you're too soon to call us old  
When and where did we go cold?  
I thought I had you on hold And every time I let you leave  
I always saw you coming back to me  
When and where did we go cold?  
I thought I had you on hold  
Where does it stop, where does it stop  
Where do you dare me to?  
You've got the body, you've got the body  
Dare me to, dare me to  
Where does it stop, where does it stop  
Where do you dare me to?  
You've got the body, you've got the body  
I thought I had you on hold  
Where does it stop, where does it stop  
Where do you dare me to?  
You've got the body, you've got the body  
Dare me to, dare me to  
Where does it stop, where does it stop  
Where do you dare me to?  
You've got the body, you've got the body  
Dare me to, dare me to  
My young heart chose to believe  
We were destined  
Young hearts  
All need love  
Call it a lesson  
The stars and the charts  
And the cards make sense  
Only when we want them to  
When I lie awake staring in to space  
I see a different view Now you've found a new star to orbit  
It could be love  
I think you're too soon to call us old  
When and where did we go cold?  
I thought I had you on hold And every time I let you leave  
I always saw you coming back to me

When and where did we go cold?  
I thought I had you on hold  
I thought I had you on hold  
I thought I had you on hold Where does it stop, where does it stop  
Where do you dare me to?  
You've got the body, you've got the body  
Dare me to, dare me to  
Where does it stop, where does it stop  
Where do you dare me to?  
You've got the body, you've got the body  
You've got the body, you've got the body  
Where does it stop, where does it stop  
Where do you dare me to?  
You've got the body, you've got the body  
Dare me to, dare me to  
Where does it stop, where does it stop  
Where do you dare me to?  
You've got the body, you've got the body  
Dare me to, dare me to And every time I let you leave  
I always saw you coming back to me  
When and where did we go cold?  
I thought I had you on hold  
I thought I had you on hold  
I thought I had you on hold
