

Forget Her

Jeff Buckley

While this town is busy sleeping
All the noise died away
I walk the streets to stop my weeping
But she'll never change her ways
Don't fool yourself
She was heartache from the moment that you met her
My heart feels so still
As I try to find the will to forget her somehow
Oh I think I've forgotten her now
Her love is a rose pale and dying
Dropping her petals in pain unknown
All full of wine the world before her
But sober with no place to go
Don't fool yourself
She was heartache from the moment that you met her
My heart is frozen still
As I try to find the will to forget her somehow
She's somewhere out there now
Oh my tears fall down as I tried to forget
Her love was a joke from the day that we met
All of the words, All of her men
All of my pain when I think back to when
Remember her hair as it shone in the sun
It was on the bed that I knew what she'd done
Tell yourself over and over you won't ever need her again
Don't fool yourself
She was heartache from the moment that you met her
Oh my heart is frozen still
As I try to find the will to forget her somehow
She's out there somewhere now
Oh
She was heartache from the day that I first met her
My heart is frozen still
As I try to find the will to forget you somehow
'Cause I know you're somewhere out there right now
