

Victim of the Crime

Phoenix

Come, Come
Dropping off the radar
Come, come
Dropping off the radarLost illusions
Try the best that you can do
You might get another chance
Burn my leather coat
I need to change my suit
You don't listen to a single word i say
Lies+ hidden codes= what they do
and you're the victim of the crimeCome, Come
Dropping off the radar
Come, come
Dropping off the radarLately I'm not expecting you
Please forgive me
For stuff I didn't do
I sure was gonna...Come, Come
Dropping off the radar
Come, come
Dropping off the radar
There're too many fingers
On the trigger
Guess how to play this game
Before you lose it
Theres nothing I can do about itYou're starting to fall...
Fall in a deeper state...
Watch out
