

Call You Out

Flyleaf

How can you act like you know
When all you know it's a lie
Another truth to expose
Freedom will catch up & rise
We find this truth
We fight, you lose
Your time's up now
That's enough now
Shut up, get out
Truth called you out
I know this language of yours
I used to speak it so well
A fire meant to be pure
Is not the fire of hell
It is written long before you
Your time's up now
That's enough now
Shut up, get out
Truth called you out
I hear your claims
& I know your name
I hear your claims
& I know your name
Liar
Liar
Your time's up now
That's enough now
Shut up, get out
Truth called you out
Your time's up now
That's enough now
Shut up, get out
Truth called you out
