

# Needles on the tree (feat. Alina Baraz)

## Lugus

Don't look back  
Let it go  
Nothing but time stays the same  
There goes my mind  
It's gone  
And your plastic love  
(Goes my mind)  
You looked at me with certainty  
I couldn't look away  
Took your time  
Get off  
Don't look back  
You're the lace-trimmed danger  
One day will be to face a stranger  
Don't you know  
Nothing but time stays the same  
Don't you know  
Nothing but time stays the same
