

# Do Not Disturb (feat. Chris Brown)

Teyana Taylor

So I got this feelin'  
You and I need a moment  
I want you to love me baby  
Make me know it  
I need you to warm me babe  
Come and show it  
Let me satisfy you tonight, come inside sit on my couch  
I know what you like, just sit back, let me ride, hear it all out  
I want you right now, not another  
minute later  
So come on  
Put your money where your mouth is, give you what you paid for  
So come on  
I know it's real how my body feels on yours  
And I wanna spend some time, no enter sign on the door, oh no.  
Please don't... Disturb, please don't... Disturb, no.  
So I got this feeling  
That you and I need this moment  
I want you to touch me baby  
Let me feel it  
I need you to hold me baby, if you willing  
Let me satisfy you tonight, come inside sit on my  
couch  
I know what you like, just sit back, let me ride, hear it all out  
I want you right now, not another  
minute later  
So come on  
Put your money where your mouth is, give you what you paid for  
Come on  
I know it's real how my body feels on yours  
And I wanna spend some time, no enter sign on the door, oh no.  
Please don't... Disturb, please don't... Disturb, no.  
Like a cop, I'm cuffin', I'm coppin' a feel  
Little mama got ass when she walk in them heels  
She love when I eat it, she make it a meal  
Baby girl screaming, I give her the pillow so no one can hear  
He biting my neck while my legs in the air  
Tell me you love me then pull on my hair  
I like it rough, don't be gentle my nigga  
It ain't rocket science, it's simple my nigga  
Please don't... Disturb, please don't... Disturb, no.  
Please don't disturb, no.
