Papa Roach

I was young And I was reckless man Moved out at seventeen And made my momma mad I thought I had it all figured out A pocket full of pills And a forty in my mouth Pilld out in my big black Chevy Pimped six times And I knew that I was ready To straighten up because my best friend died I didn't wanna carry on living that lifeAnd now I'm running from the scene Cause I was caught up in the crime It's a loaded memory Yeah, it kills me everytime And I'm trying not to scream But It's eating me alive I'm still hunted by the best days of The best days of my lifeYeah, Let me take y'all backI was young And I was selfless, man Self-medicating my own depression, man I drank a bottle at the breakfast Took a look in the mirror Riped the rosery of my neckless, Damn! I lost my job, so I lost faith I just saw biggie pumping my girl's waist I need a drink to feel right Party with my homies To escape from real life Yeah, we had it all figured out A pocket full of pills And a forty in my mouth But, I never should've let My best friend drive Cause he's the reason my child Will never see me alive Damn!Now I'm running from the scene Cause I was caught up in the crime It's a loaded memory Yeah, it kills me everytimeAnd I'm trying not to scream But It's eating me alive

I'm still hunted by the best days of The best days of my lifeAll the sudden nothing matter's enymore He lost it all, He's life was scattered on the floor And now he's family trying To pick up all the pieces I am locked up in a box, I am a monster I'm the reason that he's gone Wish I could take it all backPress rewind and take a picture of the past Pause it! Feel my heart turn black My lung's a smolder And I'm breathing in the ashNow I'm running from the scene Cause I was caught up in the crimeIt's a loaded memory Yeah, it kills me everytime And I'm trying not to scream But It's eating me alive I'm still hunted by the best days of The best days of my lifeI'm still hunted by the best days of The best days of my life I'm still hunted by the best days of Song Discussions is protected by U.S. Patent 9401941.
