

# Brown Chicken Brown Cow

Trace Adkins

Bobby Joel and Betty got a real nice farm  
Everybody knows that they work real hard  
Bobby Joel sweatin' in the noonday sun  
Betty right beside him 'til the work's all done  
But every now and then they get a strong desire  
To crawl up in the hay and set the barn on fire  
Now the hay needs haulin', the hogs need slopped  
The corn needs cuttin' but the tractor's stopped  
They climbin' up the ladder, clear through the loft  
Shooken those dirty ol' work clothes off  
Singin' brown chicken, brown cow  
(Ain't nobody watchin' but the)  
Brown chicken, brown cow  
Yeah  
Black crow sittin' on a weather-vane  
He can see 'em comin' from a mile away  
Yeah, he's call-call-callin' out a loud alarm  
Hey, ol' Bobby Joel and Betty headin' for the barn  
Now the chicken ain't peckin' and the cow  
won't eat  
They're fightin' each other for a front row seat  
Now the hay needs haulin', the hogs need slopped  
The corn needs cuttin' but the tractor's stopped  
They climbin' up the ladder, clear through the loft  
Shooken those dirty ol' work clothes off  
Singin' brown chicken, brown cow  
(Ain't nobody watchin' but the)  
Brown chicken, brown cow  
Yeah  
Now the hay needs haulin', the hogs need slopped  
The corn needs cuttin' but the tractor's stopped  
They climbin' up the ladder, clear through the loft  
Shooken those dirty ol' work clothes off  
Singin' brown chicken, brown cow  
(Ain't nobody watchin' but the)  
Brown chicken, brown cow  
(Ain't nobody watchin')  
Brown chicken, brown cow  
(Ain't nobody watchin' but)  
Brown chicken, brown cow  
Only one watchin', baby  
(Ain't nobody watchin')  
Oops
