

# Emtee

## Otep

eye remember  
sufferingeye remember  
... feeling the stingof childhood  
& injectionsholy bruises  
sweet infectionssoaked  
in  
a  
stew  
like drowning  
cockroaches  
whose only .  
crimewas the  
greed of  
inherent  
hungeru know where  
eye'm fragileu know how  
to kill...killall fall away  
all fall todayPAIN!  
pain.i can't keep  
this rage in me  
can't keep  
pretendingcan't be  
this emtee...anymorei can  
make  
it go away... make it go away
