

Evolve

Ani DiFranco

i walk in stride with people
much taller than me
and partly it's the boots but
mostly it's my chi
and i'm becoming transfixed
with nature and my part in it
which i believe just signifies
i'm finally waking up and there's this moth outside my kitchen door
she's bonkers for that bare bulb
flying round in circles
bashing in her exoskull
and out in the woods she navigates fine by the moon
but get her around a light bulb and she's doomed
she is trying to evolve
she's just trying to evolve now let's get talking reefer madness
like some arrogant government can't
by any stretch of the imagination
outlaw a plant!
yes, their supposed authority over nature
is a dream
c'mon people
we've got to come clean cuz they are locking our sons
and our daughters in cages
they are taking by the thousands
our lives from under us
it's a crash crash course in religious fundamentals
now let's all go to war
get some bang for our buck
yes i am trying to evolve
i'm trying to evolve
i am trying to evolve
i'm trying to evolve gunn in for high score in the land of dreams
morbid bluish-white consumers ogling luminous screens
on the trail of forgetting
cruising without a care
the jet set won't abide by that pesky jet lag
and our lives boil down to an hour or two
when someone pulls a camera out of a bag and i am trying to evolve
trying to evolve
i'm trying to evolve
trying to evolve so i walk like i'm on a mission
cuz that's the way i groove

i got more and more to do
i got less and less to prove
it took me too long to realize
that i don't take good pictures
cuz i have the kind of beauty
that moves i am trying to evolve
i'm trying to evolve
i am trying to evolve
i'm trying to evolve...
