

Press It Up

Sean Paul

S-Peezy, yo, yo, fi da gyul dem
Say when you ready, girl
When time you want it, come get it
Let, let me set it, girl
Take care of you like a medic
'Cause when you press it up
See the way you wiggle it, girl
You make me stress it out
So that I cannot wait to caress it
When, when you press it up
See the way you moving it, girl
I cannot get enough
When you feel me push it, press it up
Baby, let me see you just move that body
'Cause you do this everyday
We do this everyday

Let me see you get crazy
Gyul you hold back nothin', just keep it strong
'Cause you don' play
