Pendulum

When I'm falling down
Will you pick me up again?
When I'm too far gone

Dead in the eyes of my friendsWill you take me out of here?

When I'm staring down the barrel

When I'm blinded by the lights

When I cannot see your faceTake me out of here

Take me out of here

Take me out of here

Take me out of hereAll I believe

And all I've known

Are being taken from me

Can't get home

Yeah, do your worst

When worlds collide

Let their fear collapse

Bring no surpriseTake me out of hereFeed the fire, break your vision

Throw your fists up, come on with me

Feed the fire, break your vision

Throw your fists up, come on with meFeed the fire, break your vision

Throw your fists up, come on with me

Feed the fire, break your vision

Throw your fists up, come on with meJust stay where you are

Let your fear subside

Just stay where you are

If there's nothing to hide

Feed the fire, break your vision

Throw your fists up, come on with me

Feed the fire, break your vision

Throw your fists up, come on with meFeed the fire, break your vision

Throw your fists up, come on with me

Feed the fire, break your vision

Throw your fists up, come on with meFeed the fire, break your vision

Throw your fists up, come on with me
