

# Do You Know What I Love the Most?

## Saves The Day

Do you know what I love the most?  
Even suburbs would be o.k.  
With you beneath my sheets;  
breeze in my window  
'Cause we will go there, ignore all our neighbors  
I think I'll bring you breakfast, play Johnny Cash on the stereo  
I'll sit in the lazy chair all day remembering the things you do  
So when you come home  
I'll jump up to kiss you  
(whoa ohohhhh)  
And it will knock you back  
You'll fall over our TV set  
Pick you up and dust you off  
Oh, Baby let's give it a go  
Kiss your thighs to make you feel all right  
Then I will get closer, taste a little sweat  
(Whoa Oh Ohhh) I think I'm rearing to go  
You're gonna get knocked out, yeah tied up in my trunk  
In ten years we'll go to Ohio (whoa ohhh),  
Steal Cadillac's for a living.
