

# Patrick Star

## N.E.R.D

I too would have envied  
If I lived above the water  
I don't blame the sky for being so blue.  
If you don't believe me,  
Just go and ask the humans,  
When you're down there swimming,  
With everything to do!  
Look at who the smart guy is now,  
(And what are you?)  
and Spongebob and it's not you!  
Look at who the smart guy is now,(hey what are  
you)  
And Sandy Squirrel it's not you!  
Look at the smart guy is now,(hey what are you)  
Hey boy, now is you!  
Look at who the smart guy is now,  
Krabby Patties will be cooked by who?  
And it goes,  
Eata-eata edeo!  
It's deep in your head it's no!  
It's me watchin' the Radio  
That Patrick Star is king!  
Eata-eata edeo!  
That rhymes with spaghettiO's!  
He's-the-king of  
Bi-ki-ni Bottom!  
I too would have envied  
If I lived above the water  
I guess that is why they,  
Why they pollute!  
To me that's a silly  
Stupid concept with me  
Wanna get away  
They wanna take a cruise!  
Look at who the smart guy is now,(and what are  
you?)  
Spongebob and it's not you!  
Look at who the smart guy is now,(and what are  
you?)  
And Sandy Squirrel is not you!  
Look at who the smart guy is now,(and what are  
you?)

Hey boy, who are you?  
Look at who the smart guy is now,(and what are  
you?)

Krabby Patties will be cooked by who?

And it goes,

Eata-eata edeo!

It's deep in his head is no!

It's me watchin' the radio

That Patrick Star is king!

Eata-eata- edeo!

That rhymes with SpaghettiO's!

He's-the-king-of

Bi-ki-ni Bottom!
