

Thinking of You

Hurts

Hung up on love on a thursday
Can't shake it off by a friday night
I fall for you on a saturday
But I'm on my own on a sunday
Can't stop, can't stop
If I wanted to
I can't but I know I'm a fool
I can't stop, I can't stop
I know you dream of me
I won't stop if this is real Whatever I do I'm thinking of you
Every time I lay down
Every time I wake up
Every night I try but I just won't stop
Whatever I do I'm thinking of you
I'm thinking of you
It's hard waking up on a monday
Knowing I won't see you till the tuesday night
My mind's made up on a wednesday
It's been one week since that tuesday night
Can't stop, can't stop if I wanted to
I can't but I know I'm a fool
I can't stop, I can't stop
I know you dream of me
I won't stop if this is real Whatever I do I'm thinking of you
Every time I lay down
Every time I wake up
Every night I try but I just won't stop
Whatever I do I'm thinking of you
I'm thinking of you
Whatever I do I'm thinking of you
Every time I lay down
Every time I wake up
Every night I try but I just won't stop
Whatever I do I'm thinking of you
I'm thinking of you
