

# That Girl Is Mine

MattyB

Hey... The way she moves her feet  
Tell the other fellas that this girl is mine  
The way she groves to that beat  
All the girls are jealous that this girl is mine  
Now here's a story 'bout the way it went down  
See I was hearing 'bout the people talking way over town  
Said there's a place that you can visit but you gotta be rad  
Cause they wouldn't let you on the dance floor unless you've got swag  
And so I, I, I stepped to the door in a hurry  
Tipped the bouncer told him that he need not to worry  
The room was thick, everybody was fly  
But then I saw this little cutie out the corner of my eye  
Look at her go  
Look at her proving that I can't take it  
I just wanna dance with her  
She knows she cold  
Knows how to kill it on the dance floor  
The way she moves her feet  
Tell the other fellas that this girl is mine  
The way she groves to that beat  
All the girls are jealous that this girl is mine  
So now I'm smitten she could tell by my eyes  
But I was cooler than a penguin in a bucket of ice  
A moment of hesitation cause I felt butterflies  
But I decided to approach her quick and swallow my pride  
And so I, I, I walked for what seemed like a mile  
Was taken by surprise when she looked at me and smiled  
I said I like your moves, I think that you're fly  
She said I really really really wanna zig-a-zig ahhh  
Look at her go  
Look at her proving that I can't take it  
I just wanna dance with her  
She knows she cold  
Knows how to kill it on the dance floor  
The way she moves her feet  
Tell the other fellas that this girl is mine  
The way she groves to that beat  
All the girls are jealous that this girl is mine  
She can talk the talk  
But what I really dig's how she walks the walk  
Actin' out the sound  
Hands in the air when the song breaks down said

Ohh  
Look at her go  
Look at her proving that I can't take it  
I just wanna dance with her  
She knows she cold  
Knows how to kill it on the dance floor  
The way she moves her feet  
Tell the other fellas that this girl is mine  
The way she groves to that beat  
All the girls are jealous that this girl is mine  
The way she moves her feet  
Tell the other fellas that this girl is mine  
The way she groves to that beat
