

Immortal Cessation

Incantation

Seraph let me be immortal like you.
Immaculate rot, a curse in divinity, the somber beginning of birth.
Is the eternal glory of demonic conception...Seraph let me be immortal like you.
Immaculate rot, a curse in divinity, the somber beginning of birth.
Is the eternal glory of demonic conception...Plain of decay, sorrow and anguish, mortal's roam.
The cycle of agony is reborn.
Immortal cessation, denied assentation...
Jesus... was... mortal...
