I just touched down at this LAX
I'm looking for these girls on this LAX
Trying to find them niggas with that L.A. best
Dodging them niggas with that L.A. Stress
See I'm a visitor I'm a L.A. guest
I got to be aware on how the L.A. dress
Cause if it comes down I might get L.A. stretched
I ain't trying to be a trophy on no L.A. desk
Some niggas walk up tossing L.A. sets
I guess this supposed to be some type of L.A. test
Better watch the girls with the L.A. chest
Alot of plastic in those L.A. breasts (hahahaha)
I hit the crenshaw where they LA stunt
Seen a lot of 64's and L.A. trucks
Seen a lot of girls with them L.A. butts
A lot of niggas with them dickies and chucks (ya feel me)

Yo I spend a lot of time on this L.A. coast
Out here trying to do the L.A. most
Chauffeur-driven phantom like a L.A. ghost
In the back with a drink take a L.A. toast
I spend a lot of time in them L.A. heels
With them models actresses and them L.A. heels
To my lawyers office for a L.A. deal
Cut the check for some L.A. kneels
Now I'm off to Rodeo just to L.A. shop
Still getting dirty looks from some L.A. cops
You than thought since Rodney King L.A. stopped
When they burn the L.A. Watts
I send a lot of love to my L.A. brothers
My latinos and my negroes in them L.A. colors
My blessings go out to those L.A. mothers
Know that Nelly is an L.A. lover[Nelly & Snoop Dogg]
