## **Bull In a China Shop**

## **Switchfoot**

I get by with what I got right here Do what I can with what I got this year Watching the time on the clock disappear Fear is all I got left to fear I got my enemies among these friends You got means and baby I got plans Give me the start and I can find these ends Give me more time and I'll do it again, again, again I wanna rock this block like a bull in a china shop Give me more time and I'll do it again, again, again I wanna rock this block like a bull in a china shop Give me more time and I'll do it again, again, again I want peace and all I got's this war I want wings and all I got's this floor I want a shot of what I'm aiming for Coming in hot but they blocked this door So bring me the music for the revolution I'm singing for more than just a dead solution So maybe good living is the best defense So give me more time I can do it again, again, again I wanna rock this block like a bull in a china shop Give me more time and I'll do it again, again, again I wanna rock this block like a bull in a china shop Give me more time and I'll do it again, again, again What are you waiting for the future's here? What are you waiting for the future's here? What are you waiting for the future's here? I wanna rock this block like a bull in a china shop Give me more time and I'll do it again, again, again I wanna rock this block like a bull in a china shop Give me more time and I'll do it again, again, again I wanna rock this block like a bull in a china shop Give me more time and I'll do it again, again, again I wanna rock this block like a bull in a china shop Give me more time and I'll do it again, again, again What are you waiting for the future's here? I get by with what I got right here Fear is all I got left to fear What are you waiting for the future's here? I get by with what I got right here Fear is all I got left to fear What are you waiting for the future's here?
