

Out Alee

Hundred Waters

We went away Annotate on a Saturday
Oh, what a day! What a fantastic morning
Look out alee
There, there out alee
There out a'leaning
Thought I saw lightning
There in the middle of... what a haze
Just a phase!
Oh very oh so frightening Where there's a war
There is a war
There is a warning
Thought I saw lightning
Why am I hiding?
Get it off me
Get it... get in...
And hold on
Or fall out Are we in the middle of providence?
Innocence is in a sense oh so frightening Where there's a war
There is a war
There is a warning
Thought I saw lightning But where did it come from?
It's not supposed to happen
O lord
No sign
No way out
Way out
Way out
Why am I hiding?
Get it off me
Hold on
Or fall out
