

# Sleeping With Giants (Lifetime)

## The Academy Is...

I've noticed, people, they all have motives  
Different, yet all the same  
I fumble through every word that is spoken  
And I barely knew your name  
I'm tongue-tied, it runs through my blood and my insides  
Some things we can't escape  
But if we try, if we try, we can leave this behind  
It's been a lifetime, a lifetime we waited for  
A simple question, kid, "Are you with me or not at all?"  
Your eyes wide, always ahead of the  
curve type  
Quiet and confident  
Oh, we stood there, awkward and youthful, we tangled  
A piece of my soul escaped  
Oh, we are restless and tired of sleeping with giants  
A modern mankind with their egos of fire  
And it seems like it's been a lifetime, a lifetime we've waited for  
A simple question, kid, "Are you with me or not at all?"  
Are we wasting time or is it wasting us?  
It's been a lifetime waiting for now, now  
Well, you've got to find a way  
You've got to find a way, you've got to find a way  
You've got to find a way, you've got to find a way  
Before you fold  
It's been a lifetime, a lifetime I waited for  
A simple question, kid, "Are you with me or not at all?"  
It's been a lifetime, a lifetime we waited  
for  
I need an answer, kid  
You're either with me or not at all, no, no  
Are we wasting time or is it wasting us?  
It's been a lifetime, a lifetime, a lifetime, lifetime, yeah  
Well, you've got to find a way  
You've got to find a way, you've got to find a way  
You've got to find a way, son, you've got to find a way  
You've got to find a way, you've got to find a way  
Before you fold in
