Sleeping With Giants (Lifetime)

The Academy Is...

I've noticed, people, they all have motives
Different, yet all the same
I fumble through every word that is spoken
And I barely knew your name
I'm tongue-tied, it runs through my blood and my insides
Some things we can't escape

But if we try, if we try, we can leave this behindIt's been a lifetime, a lifetime we waited for A simple question, kid, "Are you with me or not at all?" Your eyes wide, always ahead of the

curve type

Quiet and confident

Oh, we stood there, awkward and youthful, we tangled

A piece of my soul escaped

Oh, we are restless and tired of sleeping with giants

A modern mankind with their egos of fire

And it seems like it's been a lifetime, a lifetime we've waited for

A simple question, kid, "Are you with me or not at all?" Are we wasting time or is it wasting us?

It's been a lifetime waiting for now, now

Well, you've got to find a way

You've got to find a way, you've got to find a way

You've got to find a way, you've got to find a way

Before you foldIt's been a lifetime, a lifetime I waited for

A simple question, kid, "Are you with me or not at all?" It's been a lifetime, a lifetime we waited

I need an answer, kid

You're either with me or not at all, no, no

Are we wasting time or is it wasting us?

It's been a lifetime, a lifetime, a lifetime, lifetime, yeah

Well, you've got to find a way

You've got to find a way, you've got to find a way

You've got to find a way, son, you've got to find a way

You've got to find a way, you've got to find a way Before you fold in
