

Top Down

Fifth Harmony

Blaze it up and we'll be crusin with the top down
rev up the engine we'll be crusin watch it go down
get in my truck and I'll be ridin with my top down
with my top down
my top downFrom a small town crusin thru a big city
where there fellas are cute and the girls are pretty
it's our world so you know what's going down
I an't got a lot of money but
got lotta style
what whatBlaze it up and we'll be crusin with the top down
rev up the engine we'll be crusin watch it go down
get in my truck and I'll be ridin with my top down
with my top down
my top down
Electric city
baby you're mine tonight
electric city
don't you shine bright
electric city
baby you light the way
electric city
I think I might stayPassed out real and I woke up realer
(hey, hey, hey, hey, hey)
me and my clique goin hard and you feel us
(hey, hey, hey, hey, hey)
come on let me take you for a ride
I ain't got a lotta money but I got
a lot of style
what what
Blaze it up and we'll be crusin with the top down
rev up the engine we'll be crusin watch it go down
get in my truck and I'll be ridin with my top down
with my top down my top downElectric city
baby you're mine tonight
electric city
don't you shine bright
electric city
baby you light the way
electric city
I think I might stayBlaze it up and we'll be crusin with the top down
rev up the engine we'll be crusin watch it go down
get in my truck and I'll be ridin with my top down

with my top down my top down!Electric city
baby you're mine tonight
electric city
don't you shine bright
electric city
baby you light the way
electric city
I think I might stay
