

Stepping Stone (feat. Mark Johns)

Lemaitre

Greet for the ambition
Release foreign devotion
All the starters are gonna lit a start
(Desperation's gonna, take me all the way)
(Desperation's gonna)Tripped on my stepping stone
Got up, and kept up going.
Just me, travelling alone. (In desperation)Wake up another day,
I need to find my way home.
Just me, travelling alone.Life can come up creeping,
It takes me by surprise.
(x-x-x) but based on just the skies.
With the colored future,
And all that it might hold.
But I'm sure you might have heard
All that glitters ain't gold.Tripped on my stepping stone
Got up, and kept up going.
Just me, travelling alone. (In desperation)Wake up another day,
I need to find my way home.
Just me, travelling alone.(Desperation's gonna, take me all the way)

In desperation, in desperation
