

# Rock Bottom

## Neck Deep

Dancing on the grave you made to hide me  
Remove the pictures from the wall cause they're reminding  
You of all the things you try so hard to hide and  
She digs the graves so she knows just where she can find it  
And I don't have much to offer  
but had you loved me I'd have loved you back forever  
Here I am again, rock bottom  
Dug this hole to hell to rot in  
Shouldn't have ignored my friends  
Afraid the rope that they had dropped in  
Here I lay again, rock bottom  
What was life? I had forgotten  
How the sun felt on my skin  
Resurrect again and start again  
She said, "You're distant from the world and self destructive."  
But she still smiles and laughs along for self indulgence  
She's got her finger on the pulse and she feels nothing  
She digs the graves so she can dance like no ones watching  
And I know you're chasing something  
Or has what you wanted got you scared and running?  
And I know you're missing something  
Because I felt it there that night and caught you blushing  
Here I am again, rock bottom  
Dug this hole to hell to rot in  
Shouldn't have ignored my friends  
Afraid the rope that they had dropped in  
Here I lay again, rock bottom  
What was life? I had forgotten  
How the sun felt on my skin  
Resurrect again and start again  
The advent flow of life's a mystery  
So I guess I'll never know  
Yeah I got caught up in history  
So I think it's time for me to let this go  
The advent flow of life's a mystery  
So I guess I'll never know  
Yeah I got caught up in history  
So I think it's time for me to let this go  
Here I am again, rock bottom  
Dug this hole to hell to rot in  
Shouldn't have ignored my friends  
Afraid the rope that they had dropped in  
Here I lay again, rock bottom  
What was life? I had forgotten  
How the sun felt on my skin  
Resurrect again and start again
