

# Sunshine

Alexander O'Neal

Cloudy was the day when Sunshine came into my life  
And made it brighter  
She touched me with her warmness as the light shines from her smile  
She makes me happy I could never keep myself away? cause when I? m next to her  
I feel the warm rays reaching out from her love She touch me with a smile that glows  
I can? t go a day without my Sunshine  
She warms me with her heart of gold  
I can? t go a day without my Sunshine When life? s troubles come around and they start to get  
me down  
I call my Sunshine  
Because there? s no other remedy strong enough for me  
Just her  
I can never keep myself away? cause when I? m next to her  
I feel those warm rays reaching out from her love She touch me with a smile that glows  
I can? t go a day without my Sunshine  
She warms me with her heart of gold  
I can? t go a day without my Sunshine Touch me with a smile that glows  
I can? t go a day without my Sunshine  
My Sunshine, my Sunshine, my Sunshine  
She warms me with her heart of gold  
I can? t go a day without my Sunshine  
My Sunshine, my Sunshine I can never keep myself away? cause when I? m next to her  
I feel those warm rays reaching out from her love  
Sunshine, Sunshine, Sunshine, Sunshine  
She touch me with a smile that glows  
She warms me with her heart of gold  
Sunshine, Sunshine, Sunshine, Sunshine All I wanna say, girl  
You know, sometimes sunshine turns to rain
