

# Dreamin (feat. Stephanie Mills)

## Fat Joe & Remy Ma

Fast cars and flashy clothes  
Night life is all we know  
This life was meant for me  
It's destiny  
Yes, I must be dreamin', dreamin', dreamin'  
Gets me where I wanna be, dreamin'  
Yes, I must be dreamin', dreamin', dreamin'  
Gets me where I wanna be, dreamin'  
Yes, I must be dreamin'  
I kick back, put the key in ignition  
'Cause niggas wasn't seeing my vision  
Got a whole trunk full of white, on my feet is the Pippens  
And the loud, make it easy to listen  
My ambitions (My ambitions, my ambitions)  
A nigga knockin' that pot dough  
What you expect when your idol is Pablo?  
I'm Paid in Full as we speakin'  
Not Rich Porter, just one rich Puerto Rican  
A nigga nice with them heat stand  
And got him high off dope like The Weeknd  
That means I'm all the way up  
A nigga couldn't fall even if they drug him in cuffs  
I'm prayin' for better days than Freddie Gray's  
Where Lil Wayne and Birdman can hug and embrace  
And little niggas is coming of age  
Take a wrong step, pop! 'Cause his mother's engaged  
Fast cars and flashy clothes  
Night life is all we know  
This life was meant for me  
It's destiny  
Yes, I must be dreamin', dreamin', dreamin'  
Gets me where I wanna be, dreamin'  
Yes, I must be dreamin', dreamin', dreamin'  
Gets me where I wanna be, dreamin'  
Yes, I must be dreamin' When I copped the pink Benz  
I swear they started to hate  
At 21 some bum nigga cut me right in my face  
They brought that up when I caught my case  
Bitch I did 6 years, 4 months and 5 days  
And they wonder why I'm crazy  
I blame the 80s for turning my generation into crack babies  
Used to be in the cell dreamin' I was home

Now I'm home, dreamin' I'm back in the cell  
I went from Castle to Beverly to Bedford Hills  
I'm a prime example of keeping it too real  
Had somebody asked me if I learned my lesson  
Told him, "Actually prison made me more aggressive  
I still smack a chick quick, no questions  
But now I leave my handprint so she don't get the wrong impression"  
They say all I talk about is jail  
Fuck you meanin' that's my reality  
I guess you just be dreamin' Fast cars and flashy clothes  
Night life is all we know  
This life was meant for me  
It's destiny  
Yes, I must be dreamin', dreamin', dreamin'  
Gets me where I wanna be, dreamin'  
Yes, I must be dreamin', dreamin', dreamin'  
Gets me where I wanna be, dreamin'  
Yes, I must be dreamin'
