

Better Place

[Rachel Platten](#)

I'll tell the world, I'll sing a song
It's a better place since you came along
Since you came along Your touch is sunlight through the trees
Your kisses are the ocean breeze
Everything's alright when you're with me And ah, you're my favorite thing
Ah, all the love that you've bring Well, it feels like I've open my eyes again
And the colors are golden and bright again
There's a song in my heart, I feel like I belong
It's a better place since you came along
It's a better place since you came along
I see the whole world in your eyes
It's like I've known you all my life
It just feels so right So I pour my heart into your hands
It's like you really understand
You love the way I am And ah, you're my favorite thing
Ah, all the happiness you bring Well, it feels like I've opened my eyes again
And the colors are golden and bright again
And the sun paints the skies and the wind sings her song
It's a better place since you came along
It's a better place since you came along Now I'm alright, now I'm alright, everything's alright
'Cause it feels like I've open my eyes again
And the colors are golden and bright again
There's a song in my heart, I feel like I belong
It's a better place since you came along
It's a better place since you came along
