Heels Over Head

Boys Like Girls

I got your runaway smile in my piggybank baby
Gonna cash it right in for a new Mercedes
You were worth the hundred thousand miles
But you couldn't stay awhile
I got your little brown shirt in my bottom drawer baby
And your little white socks in the top drawer
You were always leaving your shit around
And gone without a soundYeah I'm the first to fall
And the last to knowWhere'd you go?

Now I'm heels over head I'm hangin' upside-down Thinkin' how you left me for dead California bound

I got a first class ticket to a night all alone And a front row seat up right by the phone 'Cause you're always on my mind

And I'm running out of time I've got your hair on my pillow And your smell in my sheets

And it makes me think about youWith the sand in your feet Is it all you thought it'd be?You mean everything to me

But I'm the first to fall
And the last to know
Where'd you go?
Now I'm heels over head

I'm hangin' upside-down

Thinkin' how you left me for dead

California bound

And when you hit the coast

I hope you think of me

And how I'm stuck here with the ghost

Of what we used to be

You're burnin' bridges baby (burnin' bridges)

Make your wishes

Yeah you're burnin' bridges baby (burnin' bridges)Make your wishes You're burnin' bridges baby (burnin' bridges)

Make your wishes

Yeah you're burnin' bridges baby (burnin' bridges)Make your wishes

You're a chance taker, heartbreaker

Got me wrapped around your finger

Chance taker, heartbreakerGot me wrapped around your finger I got your runaway smile in my piggybank baby

Gonna cash it right in for a new Mercedes If I drive a hundred thousand miles Would you let me stay a while? Now I'm heels over head I'm hangin' upside-downThinkin' how you left me for dead

California bound

And when you hit the coast I hope you think of me

And how I'm stuck here with the ghost

Of what we used to be

Now I'm heels over head

I'm hangin' upside-down

Thinkin' how you left me for dead

California bound

And when you hit the coast

Maybe you'll finally see

And then you'll turn it all around

And you'll come back to me
