

I Got This (feat. Logic)

Tyler Thomas

LA to the MD
Couple young motherfuckers
Taking niggas and turning them into samplate
I don't really need nothing but some Netflix
And some good head from one of my future exes
Am I sexist, cause I got a bad bitch check list
Really, really ain't my fault cause the social media feeding my urge to splurge
And she like my pics so she want the dick
Got hoes, got hoes, got hoes, for real
Not Manti Te'o, all my hoes is real
Young top from the side where them niggas get live
And them hoes wanna roll like them clothes on fire
Oh my, oh my, oh my life, if I don't make it I'll die twice
She cold blooded like twilight
I think she know she my type
I'mma get off on everything, like I'm perverted
Make these niggas shake like we just met in person
And if you gon hate me then that mean I'm worth it
And if you could judge me then that mean I'm perfect
You feel it? Got them hook, let me reel in
Fucked up on the ceiling, that's how I'm feeling
She try out like prettylips, getting brain while I peel it, tight
