Might Get Lucky

Darius Rucker

I'll chase the kids around the yard all afternoon

Put away the dishes so she don't have to

Fix the screen door on the porch

Like I said I'd doTell her I don't know how you do it, baby, when I'm gone

Dance her 'round the kitchen to a George Strait song

Sneak a kiss on the back of the neck

Like we were aloneAnd if I'm right on the money

You know I might get luckyThere's a window of opportunity between

When the kids are tucked in

And a half glass of Chardonnay

She knows what I'm thinking

Reads me like a book

But the key to get a second look

And a come here honey

Is treat her right in the daylight

And I might get luckyWell, I work out on the road

And it wears us thin

She wonders when I'm leaving

Even when I'm walking inSo we set aside time

To get to know each other again

And if I play my cards right

I know it sounds kind of funny

But I might get luckyThere's a window of opportunity between

When the kids are tucked in

And a half glass of Chardonnay

She knows what I'm thinking

Reads me like a book

But the key to get a second look

And a come here honey

Is treat her right in the daylight

And I might get luckySomeday she might wake up and see

She's way out of my league

But then again maybe she won't

You know I might get lucky, yeahYeah, there's a window of opportunity between

When the kids are tucked in

And a half glass of Chardonnay

She knows what I'm thinking

Reads me like a bookBut the key to get a second look

And a come here honey

Is treat her right in the daylight

And I might get luckyI might get lucky

I might get lucky
