

# Blackbird

Rumer

Warm as the sun  
you were the one who outshone me  
in the darkness, everyone went away  
you were the one who adored me  
And its so hard, to say goodbye to you  
so hard, when i want to carry you everywhere, everywhere  
so i don't forget  
i'll carry you everywhere, everywhere  
so i dont forget  
Chorus  
But theres a blackbird, singing  
how long have you been hiding  
Lost in the rain  
you always prayed we would find a way  
we were watching old movies in  
our little technicolour hideaway  
And on that soft screen  
the beautiful ladies were movie queens  
they'd glide on the floor  
singing melodies, melodies  
that i can't forget  
oh loves sweetest reverie, melodies  
that i can't forget  
But theres a blackbird, singing  
how long have you been hiding  
we've been through so much  
we've been through everything together  
we've been through so much  
we've been through everything together  
now theres a blackbird, singing  
how long have you been hiding  
how long have you been hiding.
