

# Baby

## Tenacious D

I can't get to sleep tonight  
No matter how hard I try  
'Cause it's cold and it's dark  
And the wind is a whistlin'  
And I can't seem to put out the light  
Mama's been searching for baby  
But baby been tryin' to get home  
'Cause it's cold and it's dark  
And the moon cannot light the way  
And Daddy's gone, bye bye  
I'm just a baby  
I've had this birthmark since I was born  
It's the name of our fucking band dude  
I have an ass mark too
