

# Minions

## Torche

High brow tradition  
Let's discover restricted  
Few misguided reasons  
Some day proved  
We'll all see them  
White powered duchess  
Kind to some new prospects  
Come by minions  
And soon be mine  
In the millions  
Tired and stunned  
Mad poets  
Crew of yes men  
Cashed puppets  
Key to the selector  
Tied to your weakest defender
