Kent Jones

I'm win or lose tonight  
It cost to live this type of life (yeah)  
She said I might move tonight  
But only if that price is right (yeah) She'll make the news, in Giuseppe shoes  
It's all right, alllll right  
Win or lose, take her for jewels  
It's alright, alllll right  
I said don't lose yourself  
In that mud, cause it get rainy all the time  
She on that pole forever  
So right now, it's too many singles on the ground (yeah!)  
She said I'm a freak  
But I'm not promiscuous  
I like shit discreet  
She ain't know what the difference was  
Said she wanna come back just to smoke and chill with us  
I told her get a taxi, I hopped up in my sprinter bus  
You pullin' up in the Maybach and I asked how much the rental was  
Dinner date with her man, I still asked how much dinner was  
Beehive outside the fucking studio  
I told Smitty don't knock it down, bitch don't kill my buzz I'm win or lose tonight  
It cost to live this type of life (yeah)  
She said I might move tonight  
But only if that price is right (yeah)  
She'll make the news, in Giuseppe shoes  
It's all right, alllll right  
Win or lose, take her for jewels  
It's alright, alllll right  
I said don't lose yourself  
In that mud, cause it get rainy all the time  
She on that pole forever  
So right now, it's too many singles on the ground (yeah!) Don't hate the playa  
Girl, just hate the game  
My stomach turned, it had too much to drank  
I hit Golden Krust  
Cause I was feeling urghy  
If Shaun wasn't Livingston, would they sell curry?  
Tell the driver be here 12: 30  
Call Nessa cause I can't go with my nails dirty  
She askin' too many questions 'bout who my exes is  
So I kindly got up showed her where the exit is I'm win or lose tonight  
It cost to live this type of life (yeah)

She said I might move tonight  
But only if that price is right (yeah)She'll make the news, in Giuseppe shoes  
It's all right, all right, alllll right  
Win or lose, take her for jewels  
It's alright, allright  
I said don't lose yourself  
In that mud, cause it get rainy all the time  
She on that pole forever  
So right now, it's too many singles on the ground (yeah!)
