

# Animal

## Trey Songz

I like it I ain't gonna lie but baby, you get pretty wild, girl  
When you take it off, take it off  
When days turn to night, that's when you show your other side  
With all those freaky thoughts, freaky thoughts  
You bring out the animal Girl, you know I'm on my way now  
Girl, you know I'm on my way, my way to you  
I'ma bring my anaconda  
Gonna get to, get to your forbidden fruit  
Turn the bed into a jungle  
I'm Tarzan, you be my Jane up in this room  
Girl, you know I'm finna hunt ya, yeah  
You the one I'm preyin' on  
I'm a boss, I'm a boss, I'm the leader of the pack  
Boomerang, boomerang, baby, gon' and throw it back  
Do your thang, do your thang, girl, you dunno how to act  
I'm a dog, I'm a dog, I'ma eat that pussy cat I ain't gonna lie but baby, you get pretty wild, girl  
When you take it off, take it off  
When days turn to night, that's when you show your other side  
With all those freaky thoughts, freaky thoughts  
You bring out the animal  
Animal, uh huh, yeah  
Animal This that ghetto Kama Sutra  
Twist and bend and bend and twistin' all around  
Treat you like you're in danger  
And this the last time that I can take you down  
That National Geographic (uh huh)  
Document it and record it on a film  
Anybody got a camera? Uh  
Oh, you wanna experiment  
I'm a boss, I'm a boss, I'm the leader of the pack  
Boomerang, boomerang, baby, gon' and throw it back  
Do your thing, do your thing, girl, you dunno how to act  
I'm a dog, I'm a dog, I'ma eat that pussy cat, ayy I ain't gonna lie but baby, you get pretty wild,  
girl  
When you take it off, take it off  
When days turn to night, that's when you show your other side  
With all those freaky thoughts, freaky thoughts  
You bring out the animal, woah, yeah  
Woah, animal, woah  
You bring out the animal I go ape up on the donkey (throw that ass)  
I be throwin' this banana all around (sheesh)  
Put my face up in the monkey (my mask)

No umbrella but the rain is pourin' down  
Kill the kitty, no lion  
Big mon, I'm a well up in your sea (for real)  
Got your body flyin', oh  
No you feelin' like a dove, give me love I'm a boss, I'm a boss, I'm the leader of the pack  
Boomerang, boomerang, baby, gon' and throw it back  
Do your thing, do your thing, girl, you dunno how to act  
I'm a dog, I'm a dog, I'ma eat that pussy cat (go) I ain't gonna lie but baby, you get pretty wild,  
girl  
When you take it off, take it off  
When days turn to night, that's when you show your other side  
With all those freaky thoughts, yeah, freaky thoughts  
You bring out the animal, woah  
Animal, woah
